

THE CLUB AT ADMIRALS COVE

February 24, 2017

To Whom It May Concern:

I am writing to recommend the services of the DEI Food Service Equipment & Design. We have been using DEI for our kitchen design work and equipment the past 20 years, and have always been extremely satisfied. They do an amazing job, always on time, and on budget, their stainless steel fabrication work is truly the best custom work we've ever seen.

Sincerely,

John Herring
Chief Executive Officer/GM
