

“I have already recommended the MAI team to a number of my colleagues because they fully understand the membership process and how to work with committees to gain consensus and because they are just so good at what they do. I am so thankful they are helping us to design a clubhouse worthy of (our) fine club.”

“Marsh & Associates has been creative, responsive and in-tune with the difficult process inherent in a Club environment working alongside Committees and Management. I consider...Marsh & Associates to not only be an integral part of the process, but a true partner who understands our needs and the environment in which we live.”

“MAI has an incredible passion for providing creative, yet functional designs, which allow members and their families to enjoy for many generations. The experience, responsiveness, and problem solving skills to complex issues are just some of reasons we always call MAI for any new buildings, or renovations.”
